

AI in AP: The future or just a Buzzword?

At FUJIFILM Process Automation, we're a local team dedicated to helping Kiwi businesses work smarter with streamlined workflows using finance automation and bespoke digital solutions. We surveyed CFOs, Financial Controllers, Heads of Finance, and other finance professionals from businesses processing between 5,000 and 250,000 invoices annually. Their insights reveal the current state of AP automation in New Zealand and highlight key opportunities for improvement.

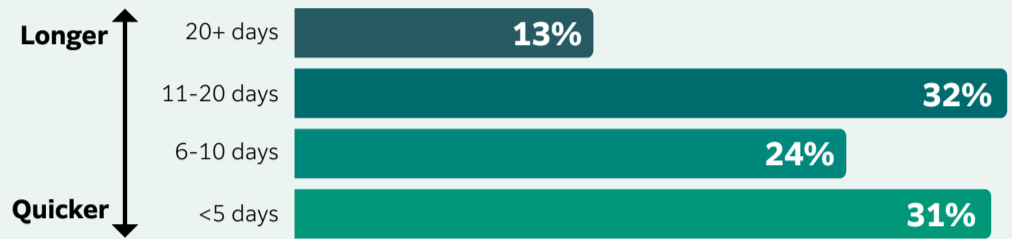

What percentage of your Accounts Payable processes are currently automated?

This aligns with the global average - according to a Forbes study, only **10%** of businesses worldwide have fully automated AP. That means there's still time for you to lead the charge!

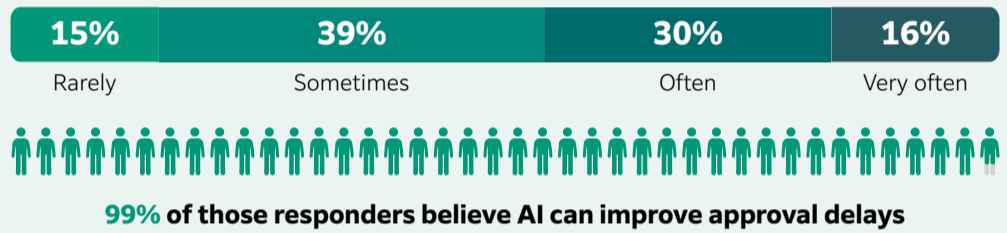

On average, how many days does it take to process an invoice from receipt to payment?

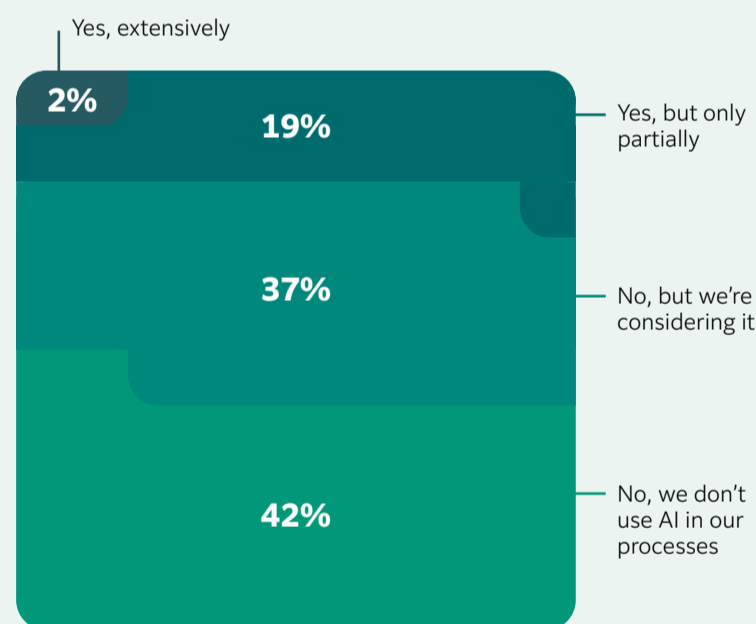

Global average for manual invoice processing is **14.6 days**, according to DocuClipper

How often do you experience delays in invoice approvals due to manual processes?

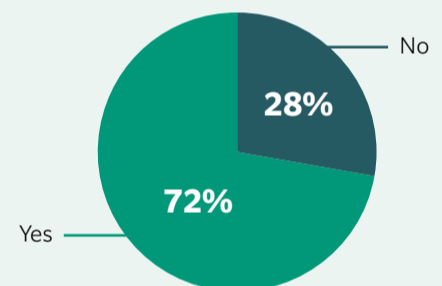

Are you currently using AI for invoice data recognition or approval workflows?

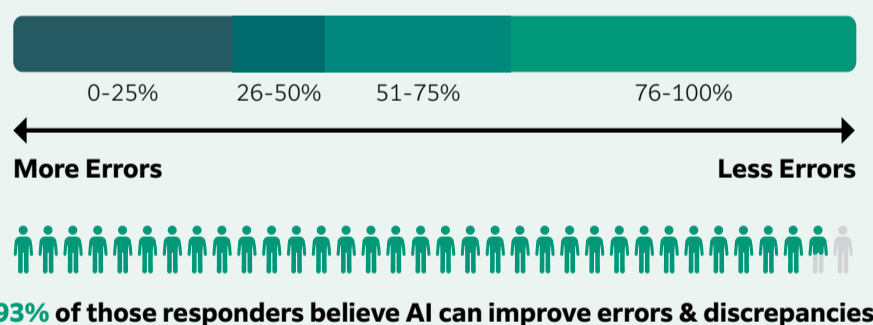

According to a report by Parseur, automating invoices with AI can reduce labor costs by **30-50%**.

Do you feel ready for AI to operate within your finance processes?

What percentage of your invoices are processed without errors or discrepancies?

According to Adobe, manual invoices cost **\$15-\$40** each, with errors increasing costs.

Why Automate Your AP Process?

Manual invoicing is costly, time-consuming, and prone to errors. Here's why automation should be a priority:

High Costs

Manual invoicing costs \$15-\$40 per invoice. (Adobe)

Supplier Tension

47% of businesses say late payments hurt supplier relationships. (Atradius)

Lost Productivity

Finance teams spend up to 30% of their time fixing invoice errors. (Level Research)

Slow Processing

Invoices take 14.6 days on average to process (Ardent Partners)

With an expert team alongside a world-leading solution, businesses can cut costs, improve efficiency, and enhance supplier relationships.
